## **SECTION 6: WATER USE RESTRICTION BYLAW**

### **Section 6-1. Authority**

This bylaw is adopted by the West Boylston Water District under its police powers to protect public health and welfare and its powers under chapter 352 p the Acts of 1933 as amended and M.G.L. c. 40, SS21 et seq. This bylaw also implements the Water District's authority under M.G.L. c. 40, S41A, conditioned upon a declaration of water supply emergency issued by the Department of Environmental Protection.

### **Section 6- 2. Purpose**

The purpose of this bylaw is to protect, preserve and maintain the public health, safety and welfare whenever there is in force a State of Water Supply Conservation of State Water Supply Emergency as defined herein by providing for enforcement of any duly imposed restrictions, requirements, provisions or conditions imposed by the West Boylston Water District or by the Department of Environmental Protection.

### **Section 6-3. Definitions**

For purposes of this bylaw, the following words and phrases shall have the meaning set forth herein:

Outdoor watering shall mean any residential, municipal, industrial, or commercial watering of decorative lawns, trees and shrubbery.

Person shall mean any individual, corporation, trust, partnership or association, or other entity and any officer, employee group or agent of such person.

State of Water Supply Emergency shall mean a State of Water Supply Emergency declared by the Department of Environmental Protection under M.G.L. c. 21G, S15-17.

State of Water Supply Conservation shall mean a State of Water Supply Conservation declared by the Board of Commissioners of the West Boylston Water District, pursuant to section 4 of this bylaw.

Water Users or Water Consumers shall mean all public and private users of the West Boylston Water District water system, irrespective of any person's responsibility for billing purposes for water used at any particular facility.

### **Section 6. 4. Declaration of a State of Water Supply Conservation**

The Water District, through its Board of Water Commissioners, may declare a State of Water Supply Conservation upon a determination by a majority vote of the Board that a shortage of water exists of such a degree that conservation measures are appropriate to ensure an adequate

supply of water to all water consumers. Public notice of a State of Water Conservation shall be given under section 6 of this bylaw before it may be enforced.

**Section 6. 5. Restricted Water Uses**

A declaration of a State of Water Supply Conservation shall include one or more of the following restrictions, conditions or requirements limiting the use of water as necessary to protect the water supply. The applicable restrictions, conditions or requirements shall be included in the public notice required under section 6.

- a) Odd/Even Day Outdoor Water Usage: Outdoor watering by water users with odd numbered addresses is restricted to odd numbered days. Outdoor watering by water users with even numbered addresses is restricted to even numbered days.
- b) Outdoor Watering Ban: Outdoor watering is prohibited
- c) Outdoor Water Usage Hours: Outdoor watering is permitted only during periods of low demand, to be specified in the declaration of a State of Water Supply Conservation and public notice thereof.
- d) Filling Swimming Pools: Filling swimming pools is prohibited.
- e) Automatic Sprinkler Use: The use of automatic sprinkler systems is prohibited.
- f) Any other restriction on water usage the District finds necessary.

**Section 6-6. Public Notification of Water Supply Conservation: Notification of DEP**

Notification of any provision, restriction, requirement or condition imposed by the West Boylston Water District as part of a State of Water Supply Conservation shall be published in a newspaper of general circulation within the West Boylston Water District or by such other means reasonably calculated to reach and inform all users of water of the State of Water Supply Conservation. Any restrictions imposed under section 5 shall not be effective until such notification is provided. Notification of the State of Water Supply conservation shall also be simultaneously provided to the Massachusetts Department of Environmental Protection.

**Section 6-7. Termination of a State of Water Supply Conservation: Notice**

A State of Water Supply Conservation may be terminated by a majority vote of the Board of Water Commissioners, upon a determination that the water supply shortage no longer exists. Public notification of the termination of a State of Water Supply Conservation shall be given in the same manner required by section 6.

**Section 6- 8. State of Water Supply Emergency; Compliance with DEP Orders.**

Upon notification to the public that a declaration of a State of Water Supply Emergency has been issued by the Massachusetts Department of Environmental Protection, no person shall violate any

provision, restriction, requirement, or condition of any order approved or issued by the Department intended to bring about an end to the State of Emergency.

**Section 6-9. Penalties**

The West Boylston Water District Superintendent may enforce this bylaw. Any person violating this by-law (ordinance) shall be liable to the Water District in the amount of \$50.00 for the first violation and \$100.00 for each subsequent violation. Fines shall be recovered by indictment, or on complaint before the District Court, or by non-criminal disposition in accordance with section 21D of chapter 40 of the general laws or any other authority of the District.

**Section 6-10. Sever ability**

The invalidity of any portion or provision of this bylaw shall not invalidate any other portion or provision thereof.

**WEST BOYLSTON DROUGHT MANAGEMENT PLAN** Adopted November 19, 2002

Being prepared for water shortages caused by drought or extreme circumstances is an important component of West Boylston’s Water Resources Management Program. This plan sets what levels of dry or drought conditions indicate a water supply shortage or emergency and establishes the prudent response for each level. The Drought Management Plan may be implemented for municipally supplied water to conserve a naturally stressed water supply during a drought or to replenish water supplies diminished by peak demand in non–drought years.

**WATER USE RESTRICTIONS**

These restrictions allow the Board of Commissioners to limit consumption through increasingly severe restrictions based on indicators that correspond to the specific drought stages for West Boylston’s water supply.

**OUTDOOR WATER USE RESTRICTIONS**

- Even number houses may use water outdoors on even numbered days.**
- Odd number houses may use water outdoors on odd numbered days.**
- No outdoor water use on Mondays to allow system to replenish.**
- No lawn watering between 7am – 7pm.**

**GRADUATED DROUGHT RESTRICTION MEASURES**

Graduated water use restrictions will be implemented to correspond with the severity of the drought stage to assure a sufficient and predictable response to excessive water use and drought conditions.

## **Restrictions for DROUGHT ADVISORY**

Voluntary conservation, on an alternate day schedule, for outdoor water use for irrigation of lawns and gardens, car washing and sprinklers. No swimming pool filling from municipal water supply.

## **Restrictions for DROUGHT WATCH\***

Mandatory water conservation, on an alternate day schedule, for outdoor water use for irrigation of lawns and gardens, car washing and sprinklers. Use of sprinklers is limited to two (2) hours per each scheduled watering day. No swimming pool filling from municipal water supply.

## **Restriction for DROUGHT WARNING\***

Mandatory water conservation, on an alternate day schedule for outdoor water use. No watering of lawn and no outdoor sprinklers allowed. Manual watering of gardens and trees with hose or watering can allowed. Car washing allowed.

## **Restrictions for DROUGHT EMERGENCY\***

Mandatory ban on all outdoor water use: Sprinklers, car washing, swimming pool filling and lawn and garden irrigation.

\*Residents may request a two-week watering permit from the District for new lawns.

\*Residents may request a one-day watering permit from the District for specific activities (pressure washing.)

\*Residents may request permission from the District to top off their swimming pools.
